

# RUBÉN SALVADOR HERNÁNDEZ

## Physical education teacher

### PROFILE

I studied at La Salle High School and at a later stage, at the Catholic University of Murcia-UCAM (Spain) and at the International University of Valencia-VIU (Spain). During the practical work experience as part of the Master, I have felt myself very close to the students, and I sincerely believe that I would contribute to their integral upbringing. I am a largely responsible, formal, staid and neat person. I have a calm, peaceful and kind temper, and I consider myself to be a hardworking person. I would like to have the opportunity to learn and be part of a team.

I enjoy learning about Economics (especially stock market), practicing sports and going to the cinema.
